Paladin Security Group has been the Suncor Energy's security entity since April 2010. They are very professional in their approach and have handled complexities with the utmost proficiency. We have had a good working relationship with them, and have found them to be accommodating and approachable when we run into situations that need to be addressed outside our usual business practices. It is a pleasure to work with Paladin Security.

Jeremy Smith
VP Operations / Suncor Energy

Careers at Paladin Security

Make this world a safer place and join the security industry

VIEW OPEN POSITIONS

Paladin Culture

Paladin Security is committed to offering the best employment and career development opportunities in the security industry because we want the very best and brightest people our industry has to offer.

What makes us different:

- Innovation**
At Paladin, we are always open to fresh ideas and are constantly looking for ways to improve our operations, which improves our service and your security.
- Training**
We have a stringent personnel selection process and invest heavily into the training, supervision and support, and development of our staff.
- Customer Service**
We take the time to understand the security challenges our clients are facing and don't offer cookie-cutter solutions or off-the-shelf answers.

Paladin Team

What it is like to work for us

Why choose a career in security?

Career Fair

Top 10 reasons to join Paladin

We go to extremes that are unheard of within other companies to ensure that our people feel rewarded and satisfied with their role in Paladin. The following are just some of the reasons why we were named as one of Canada's Best Managed Companies with the 10 Most Admired Corporate Cultures, as the Employer of Choice in the security industry.

- Comprehensive Employee Benefits**
Among other things, we offer a comprehensive benefits plan to our staff that includes dental insurance, extended healthcare coverage and life insurance.
- Extensive Company Paid Training**
As a company that is committed to delivering the highest level of training and education in the industry, Paladin provides over 50 safety and security related courses to our staff in order to encourage their development and advancement within our company.
- Accommodating Shift Schedules**
A Paladin career does not have to mean sacrificing all of your spare time and compromising your life's schedule. Whether you are looking for full-time or part-time work, we will work with you to find a shift schedule and a location that works for you.
- Site Variability & Compatibility**
As one of the largest full service security companies in Canada, we have an extensive variety of challenging assignments and positions within our company. We work with our people to accommodate their interests so that they enjoy their assignment and feel challenged by their work.

Paladin Security achieves Gold Standard: Canada's Best Managed Companies

October 12, 2016

TW FB IN

Paladin Security was named one of Canada's Best Managed Companies, Gold Standard Winner, for excellence in business performance.

And the winner is...

The Best Managed program recognizes Canadian-owned and managed companies with revenues over \$10 million demonstrating sound strategy, operational capability and commitment to achieve sustainable growth. Paladin Security is the only full-service security company to be recognized by the program.

Currently operating in its 40th year of business, Paladin Security continues to lead the industry with advanced technology and a strong commitment to its people. Paladin acquired the Action BMS group of companies in December 2015, increasing its full-service model and technological capabilities to design complete, customized solutions for clients.

With growth and technological advances, Paladin Security remains true to the people behind its dominating brand. Paladin Security CEO, Ashley Cooper, spoke about the award, sharing, "This award is a testament to the fact that we are living up to our corporate mission - we provide our clients with the finest security services and products available in the marketplace and we make a strong commitment to our people. The outcome is a brand that has endured for 40 years and continues to grow and make a positive impact in the community."

Subtitle

Paladin Security was established in 1976 to provide basic security officer services. From humble beginnings with four employees and one contract, Paladin has grown into the largest privately-owned full-service security company in Canada, offering unmatched security solutions for clients. Paladin has been one of the fastest growing companies in Canada over the past 20 years and the success is a direct result of its strong corporate culture. The company's belief in promotion from within, coupled with a strong record of growth, has enabled the company to provide clients with the finest security services and products available in the marketplace.
